Can be combined with LED  
Fabric-like feel  
Washable

**Areas of application:** normal wall,  
ceiling

## Areas of application

### **Direct wet area**

The future of the bathrooms, jointless and seamless surface coverings in the shower.

### **Indirect wet area**

Behind the bathtub, the washbasin, the toilet or as the kitchen backsplash, anything is possible.

### **Floor**

Special floor design as an eye-catcher.

### **Facade**

Give your facade a whole new look.

### **Normal wall**

Make a wall to stand out with Funktionsflächentextil.

### **Ceiling**

Redefine ceiling design to set creative accents.

Graphic Design Number: FFT0108

Graphic Design Number: FFT0092

**cropped &  
translucent**

## **cropped**

The quality type crocodile can also be round and in special shapes.

## **translucent**

The quality types crocodile, iguana and snake can be back-lighted. This also works in the shower with crocodile.

## 2. Funktionsflächentextil image database

You can find the graphic you want directly in our image database:  
[www.fftextil.de/grafiken](http://www.fftextil.de/grafiken)

Funktionsflächentextil  
image database

### **3. Funktionsflächentextil artists**

Do you have clear idea of your desired graphic design? Our artists can draw you your desired graphic on order:

**[www.ffaertextil.de/künstler](http://www.ffaertextil.de/künstler)**

### **4. Your own graphics**

In order to achieve the optimal printing result, we need the image files in at least 150 dpi. Vector graphics are the ideal print templates, as they can be scaled to any size and can be individually editable.

By each order is the graphic checked for suitability so that we can deliver the best possible quality.
